<b>Total Fee:</b>	<b>\$1,629.33</b>

**CONDITIONS:**

SITE SPECIFIC GEOTECH REPORT SHALL BE PROVIDED TO BUILDING INSPECTOR & BUILDING DEPARTMENT PRIOR TO INSPECTION APPROVAL OF FOOTING. APPLICANT SHALL DEMONSTRATE COMPLIANCE WITH GEOTECH RECOMMENDATIONS.

CONTACT THE SPOKANE REGIONAL CLEAN AIR AGENCY AT 477-4727 AND/OR VISIT [WWW.SPOKANECLEANAIR.ORG](http://WWW.SPOKANECLEANAIR.ORG) BEFORE ANY RENOVATION OR DEMOLITION ACTIVITY BEGINS TO ENSURE COMPLIANCE WITH APPLICABLE ASBESTOS REGULATIONS. AN ASBESTOS SURVEY MAY BE REQUIRED.

DISCLAIMER: The applicant for this building permit identified the proposed source of potable water as a "permit-exempt well", defined in RCW 90.44.050. Spokane County is required to evaluate the applicant's evidence of an adequate water supply for the intended use prior to issuance of the building permit (RCW 19.27.097). In Washington State, vested rights in land use matters may occur at the time the building permit application is counter complete (RCW 19.27.095). The Washington State Supreme Court has ruled "permit-exempt wells" remain subject to senior water rights, including minimum instream flow rules established by Washington State Department of Ecology. (See, Whatcom County v. Hirst, 186 Wash.2d 648 (2016)). The Hirst court followed the established rule that in Washington State, water rights are "first in time is the first in right". Following application, identification of an existing or newly installed well in proximity to the proposed source of potable water will require the applicant provide additional evidence potable water is legally available. Hirst requires the determination of "legal water availability" when a building permit is issued. Neither application nor issuance of this building permit guarantee the extent and/or validity of applicant's water rights under any permit or certificate used to demonstrate legal availability of water, nor provide protection against impairment claims brought by senior water users or future actions by the Department of Ecology.

All details contained within the application and permit documents of record submitted by the owner/applicant or their authorized representative, are presumed true and correct for the purpose of the department's review. Approvals based on inaccurate documentation by the owner/applicant or their authorized representative shall not be construed to be an approval of a violation of Spokane County Building Codes, or the provisions of any ordinances of the jurisdiction or enforced by the department and shall not be valid.

Appeals: Within twenty-one (21) calendar days from the issuance of the permit, a party withstanding may file a Land Use Petition (LUPA) in Superior Court pursuant to chapter 36.70C RCW.

IF YOUR CONSTRUCTION PROJECT CUMULATIVELY DISTURBS ONE OR MORE ACRES OF LAND THROUGH CLEARING, GRADING, EXCAVATING, OR STOCKPILING OF FILL MATERIAL, YOU MAY NEED CONSTRUCTION STORMWATER PERMIT COVERAGE FROM THE WASHINGTON STATE DEPARTMENT OF ECOLOGY. THIS APPLIES EVEN IF THE PROJECT IS BEING CONSTRUCTED IN PHASES OF LESS THAN ONE ACRE. SPOKANE COUNTY CANNOT DETERMINE WHETHER PERMIT COVERAGE IS NECESSARY. IT IS YOUR RESPONSIBILITY TO APPLY FOR COVERAGE. FOR DETAILED INFORMATION VISIT [HTTP://WWW.ECY.WA.GOV/PROGRAMS/WQ/STORMWATER/CONSTRUCTION/](http://WWW.ECY.WA.GOV/PROGRAMS/WQ/STORMWATER/CONSTRUCTION/) OR CALL 509 329-3610.

FOR INSPECTIONS CALL THE BUILDING AND PLANNING DEPT AT (509) 477-3675 OR REQUEST AN INSPECTION ONLINE AT [WWW.SPOKANECOUNTY.ORG/PERMITS](http://WWW.SPOKANECOUNTY.ORG/PERMITS). INSPECTION HOURS ARE 7:30-4:00 MONDAY-THURSDAY, AND 7:30-NOON ON FRIDAY.
